

# THE WEEKLY GRAPHIC

T. E. SUBLETTE, Proprietor.

KIRKSVILLE, MISSOURI.

FRIDAY, AUG. 16,

## GRAPHICS.

Mrs. Leech for Millinery.

Don't forget Dr. Johnson extracts teeth without pain.

Kirksville was well represented at the camp meeting last Sunday.

"Perils of the Young" will be the Sunday evening topic at the Cumberland Presbyterian church. The Shelby fair one of the best county fairs in the State, will open September 12 and continue four days.

Don't forget, the one who secures a new student for the Conservatory, will receive a liberal commission.

Subject at the Baptist church Sunday morning, "Jordan and the Canaan, typical of death and Heaven." Evening, "The sinner his own enemy."

Kirksville people who drive to the camp meeting Sunday will avoid the hills of Wolf Hollow by turning east through the first lane north of Sublette.

We were shown a stalk of alfalfa this week that grew on the farm of Harrison Garlock in Salt River township. The root was over a foot in length which is a remarkable growth from seed sown last spring.

The finest plums we have seen this season were left at the GRAPHIC office Monday morning addressed to the fighting editor. They were as large as any shipped here from California, and the flavor far superior to the California product.

The dog has become a nuisance in Kirksville, and a war is threatened against the prowlers that infest yards and gardens day and night. Dogs are useless when not kept at home, and when not so kept should be dealt with as any other nuisance.

The Bon Ton Oyster house and restaurant will open for business next Monday. No expense is being spared in refitting the establishment and the proprietor proposes to make it one of the best and most popular resorts ever opened in the city.

The hearse owned by H. Bestman, the furniture dealer and undertaker, has recently been repaired and gilded by that artistic painter Harry Benneson. Like all other work done by Mr. Benneson it speaks for itself. The hearse is kept at T. E. Graves barn.

The residence of David J. Mikel of Polk township was destroyed by fire Friday night of last week. The fire originated in the kitchen, and the flames spread so rapidly that few of the household goods could be saved. Building and contents were insured in the Home Insurance Company for \$700.

Of all the wretched attempts at drainage and street improvement, that at the southwest corner of Miller's lumber yard, takes the cocky. It was in vain a GRAPHIC reporter tried to discover the author of the mischief, as no one cared to father the project, and it will have to stand as a monument of unpunished folly.

Joe. H. Shoop of Novinger, called at the GRAPHIC office Friday and paid five dollars on subscription. He said the GRAPHIC had carried him on the list for two and a half years, and he now proposed to carry the GRAPHIC for the same length of time and paid two and a half years in advance. If newspaper men had their way about it such men as Mr. Shoop would live a thousand years.

Quincy excursionists to the number of 311 arrived Thursday morning at 11.15 on a special train over the O. K. road. They were met at the station with carriages and driven to the park where Prof. Dobson as master of ceremonies introduced Hon. A. N. Seaber who delivered the address of welcome. Hon. C. A. Babcock responded in a most happy manner, after which there was an adjournment for dinner. A sumptuous dinner was served the visiting guests in Masonic Hall, by the popular caterer, Ed. Keith, of Willard's Hotel. They were then taken for a carriage drive over the city and at 5 o'clock departed for home.

Col. Hillier of Kahoka, was run over by a train at Kahoka Wednesday. A pair of trucks passed over his arm and crushed it rendering amputation necessary.

Look at next week's paper for announcement of the Children's entertainment, given by the Kindergarten music class of the Conservatory. It will be the sweetest concert imaginable.

The Sunday school of Trinity church had their annual picnic at Hibbs' Grove Thursday of last week. Refreshments were abundant, and an excellent time was enjoyed by young and old.

The sudden death of Miss Blanche Jamison was a surprise and shock to her many friends. Her illness was short, lasting little more than twenty-four hours. She was a most estimable young lady, cultured and refined, and her untimely death has cast the shadow of gloom and sadness over the circle in which she moved.

The people of Quincy have come and gone, and it is a matter of pride to every good citizen of Kirksville to know that they were royally treated. In their sight seeing about town they did not fail to note that the O. K. barber shop is the place to go for a stylish hair cut, smooth shave, or any other work in the barber's line.

## AN ABSOLUTE NOVELTY.

An Equestrian Lion with the Walter L. Main Grandest and Best Show.

Lions that have been broken to do a limited number of tricks inside their dens are no longer a novelty, but a real riding lion is something that very few people have ever seen. "Wallace," the lion with the Walter L. Main Grandest and Best shows on earth, can truthfully boast of being the only one that has ever been trained to ride a horse and an elephant. To see this "king of the forest" go through his wonderful performance is the sight of a lifetime, and when this great amusement enterprise comes to Kirksville, Aug. 23d the thousands of people who will attend will not be prepared to witness the wonderful sight they will behold as "Wallace" mounts the Arabian steed and goes through feats which it has taken untiring patience to teach him. At the close of his act on the horse's back he mounts a ponderous elephant that actually rides a bicycle, and the two form a pyramid the like of which has never before been seen and can be seen now nowhere on earth outside of these great shows.

"Wallace" is, however, only one of the many features with this large tented amusement; there are, in fact, more than a score of features that can only be seen beneath its massive tents, and among the more noted is Frank Miller, the world's greatest bareback rider; the world-renowned aerialists, Stirk and Zeno, accomplish feats of daring that have established them as the representative aerialists of the world. Miss Grace Thomas, the equestrienne, who has startled all

Europe with her grace and skill, is another high-salaried artist, who has been brought to this country to delight the patrons of Manager Mainsall-feature shows; then there is a double troop of Japanese, the Rosaria Brothers, four in number, who excel in their acrobatic feats, a school of almost humanly educated horses, and many others. The hippodrome features with this enterprise are the superior of anything of the kind since the days of ancient Rome. The parade is a massive array of glittering and bewildering sights over a mile in length, containing a score of open dens of rare wild beasts, ten kinds of music, steam calliopes and a band of real Scottish bagpipes. Capt. Pierre Perier will make two headlong dives daily from the top of a tower one hundred feet high into his life-saving net. His exhibition is free to all and takes place at 10:30 a. m. and 6:30 p. m., and is worth coming many miles to see.
